PROFESSIONAL SUMMARY

Senior Software Developer with 6+ years of experience building secure, reliable, and scalable software systems. Strong full-stack background across .NET, Blazor, Angular, cross-platform mobile with Ionic, API design, enterprise integrations, offline-first applications, and CI/CD delivery.

CORE SKILLS

- Backend:** .NET Core, ASP.NET Core, C#, Entity Framework Core, REST APIs, Microservices, IdentityServer, SQL Server.
- Frontend:** Angular, Blazor, TypeScript, RxJS, NgRx, Micro Frontends, Module Federation, HTML, CSS.
- Mobile:** Ionic, Angular, cross-platform apps for Android & iOS, PWA.
- Delivery:** Azure DevOps, CI/CD, Git, Cypress E2E, ESLint, Agile.

WORK EXPERIENCE

Senior / Full-Stack Software Developer

Abu Dhabi Civil Defence Authority | Abu Dhabi, UAE | January 2023 - Present

- Build secure, air-gapped prehospital systems for ambulance crews and command teams.
- Develop offline-first apps that sync across isolated networks.
- Integrate local LLMs with Ollama for secure offline AI features.
- Deliver Angular and Blazor solutions with clean module boundaries.
- Integrate UAE Pass, ICA, Shafafiya, and Azure DevOps CI/CD.

Frontend Developer (Angular)

Abu Dhabi Ports | Abu Dhabi, UAE | July 2022 - January 2023

- Built responsive Angular web applications.
- Split large components into reusable UI building blocks.
- Created custom directives and shared components.

Frontend Developer (Angular)

TNC Group | Dubai, UAE | January 2022 - August 2022

- Developed user interfaces with modern JavaScript practices.
- Built application code, unit tests, and performance checks.

Software Developer / Full-Stack Engineer

Horizon Omega (Contract) | Khartoum | January 2020 - January 2022

- Built and shipped cross-platform mobile apps with Ionic and Angular for HR and home-services clients across Sudan, Saudi Arabia, and the UAE.
- Built reusable mobile, API, and web frameworks to accelerate delivery.
- Integrated payment gateways (PayTabs, STCPay, Telr) and third-party services.
- Implemented CI/CD pipelines and Cypress E2E testing.
- Authored SRS documents and REST APIs using Angular, Ionic, and Laravel.

Shipped apps: Maharah Services, MyMaharah, TPH Cleaning Services, MyTPH (also on the App Store), PrimePay (GitHub), Fresh, and Configion CLI (npm).

Software Tester (Internship)

Almutkhassisa Medical Insurance | Khartoum, Sudan | May 2017 - June 2017

- Prepared test cases and performed manual testing for mobile applications and the portal.
